MENU IDEAS FOR PARASYMPATHETIC DIET PLAN

Macronutrient Ratios: 30% Carbohydrates 40% Protein 30% Fat
(Adjust serving size and macronutrient ratios to meet individual needs.)

C = Carbohydrate  F = Fat
SC = Starchy Carb  PF = Protein w/small amount of fat
P = Protein  FP = Fat w/small amount of protein
X = Condiment or Extra

The menus in this category are to stimulate ideas, and are based primarily on a parasympathetic type food list. Please adjust according to individual taste preferences and macronutrient needs. You may also choose from the FAST Oxi-dizer Menus for additional ideas. Suggestions and ratios may not work for everyone. Be aware of how you feel after each meal. You should have energy, zero cravings, and be satisfied between meals – if you are not, then you need to adjust your ratios or food choices.

Be creative and add foods from your allowable food list and spices – staying within your macronutrient ratio. It is important to use organic foods at least 85-90% of the time. This ratio may vary if you are someone who travels often.

Preparation time on all or most menu ideas is 15 minutes or less. These menu ideas are designed for the busy person’s lifestyle. For more extravagant ideas such as casseroles and recipes, you may want to refer to the book “Nourishing Traditions” by Sally Fallon: newtrendspublishing.com

Tips on following your menu guidelines
• Avoid gluten and Dairy for 3 months to identify and heal from any potential allergies
• Alternate foods, i.e., choose different nuts and seeds, different meats, different fruits/vegetables every week.
• Feel free to mix up the menus as long as you are staying within your proper ratios of carbs/proteins/fats
• Some of the spices suggested are excellent for the circulatory system
• Snacks can be used as part of a meal as long as a protein is chosen to go with them
• AVOID or MINIMIZE PORK, AVOID OR MINIMIZE WHEAT, AVOID PASTEURIZED DAIRY, AVOID CANOLA OIL
• Avoid using the microwave, even if only to warm water
